The Recent Assaults.

The managers of Luna Park have offered one hundred dollars reward for the arrest and conviction of the party or parties guilty of the two murderous assaults that have been made upon patrons of the park recently. Mr. George E. Gill, manager of the park, says: "Although the assaults have been committed outside of our grounds, and we are not in any way responsible for them, we will pay the reward named."

The authorities of Alexandria county believe that the person who attacked and robbed Miss Mabel Rieley and Mr. Morris Gooding, near Luna Park Sunday night, is the same person who committed a similar attack upon Miss Tessie Bywater, of Rappahannock, Va., and Mr. Joseph Settle, of Washington, at the same place last Thursday night.

The place where the attack was made is a thickly wooded spot, with dense underbrush, and is some distance away from the park inclosure. In order to reach it one has to walk about two hundred yards from the main entrance to the park, along the railway tracks to the end of the park fence, and then follow a path about one hundred yards to a spring, which is located on what is known as the Home property. Both assaults were committed in almost the same spot, in close proximity to the spring.

The report that Mr. Gooding fired at the assailant Sunday night is denied by Miss Rieley, and it is stated that Gooding was not armed. Miss Rieley is still suffering from nervous shock, and the abrasions upon her throat and arms made by the fingers of the man with whom she struggled while her escort went for assistance, caused her much pain. She is positive she can identify her assailant, whom she describes as a negro of medium height, wearing black clothing. He had a slight mustache. It is said that Miss Rieley and Mr. Gooding are to be married soon.

The condition of Miss Tessie Bywater, who was with Joseph Settle when he was dangerously wounded by a highwayman near Luna Park last Thursday night, has not much improved. The young woman is suffering greatly from nervous shock, and her awful experience has had a debilitating effect upon her constitution. She is at the home of Mrs. Forrest, 825 Queen street, where she expects to remain a week or more before returning to her home in Virginia. Miss Bywater says she has been so completely unnerved by her experience that she is afraid to venture outside the house, and that she fears she will never again be herself.

At the Emergency Hospital in Washington yesterday it was stated that Mr. Settle is doing as well as could be expected. The bullet, which struck him in the mouth, has been removed. Mr. Settle's aged father, who lives in Rappahannock county, came to Washington as soon as he heard of the attack.

There are no new developments in the assault case today. The colored man who was arrested at one of the brick yards, near this city yesterday and lodged in jail, has not yet been examined. The report that a colored man had been found dead near St. Elmo, with a bullet wound in his back is denied.

Sneak Thieves.

About half-past 8 o'clock last night a sneak thief entered Mr. William DeMaine's residence, on the northeast corner of King and Alfred streets. The noise he made attracted the attention of members of the family, who were on the pavement at the time, two of whom, each armed with a pistol, started in the house. The thief, hearing approaching footsteps, struck a match and lighted the gas in the bath room, by which he was enabled to see his way out, and made his escape without carrying anything away with him.

About an hour later a thief was heard in another residence on Alfred street, near Cameron, and a call was sent to the station house. The intruder made his escape before the arrival of an officer. Nothing has been missing from the house.

Police Court.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning:

Benjamin Johnson, colored, arrested by Officers Young and Lyles charged with assaulting and beating Mary Johnson, was fined \$10.

Samuel Miller, colored, arrested by the same officers charged with assaulting Elmer Turner, was fined \$5.

Charles Carwell, arrested by Officer Beach charged with stealing goods from George Welker, was sent to jail for six months.

James Johnson, colored, arrested by Chief Goods for abusive language and disorderly conduct, was fined \$10.

Wm. Chikalos, suspected of stealing \$300 from Mantis Bros., was dismissed.

Preparing for the Season.

Arrangements are being made by Messrs. Henry Steiner, Jerome Kaufmann and Harry Dachsler, a committee of the Thursday Night Assembly, for the season's dances at McBurney's Hall, which promise to be as popular as ever, as the committee has an entirely new orchestra of well-known Washington musicians. Those who receive invitations are assured of a pleasant time. The opening dance of the Assembly will be given Thursday, October 4, at 8:30 o'clock, and the Assembly will give a dance every Thursday during the season.

A Modern Barge.

The barge J. H. Marvil, from Norfolk, with fertilizer to the Bryant Fertilizer Company, has arrived. The Marvil, which is commanded by Captain W. E. Cordrey, is modern in every particular and is a specimen of the evolution of the old time barge into an up-to-date vessel of large carrying capacity. She is fitted with every modern appliance, including a gasoline launch, and the windlass is operated by a gasoline engine. The Marvil is named after a grandson of the late Governor Marvil of Delaware.

Circuit Court for the City.

[Judge C. E. Nicol presiding.] In the Circuit Court for Alexandria city today the case of Mary C. Hansborough, administratrix of the estate of her husband, George Hansborough, against the Southern Railway Company came up for trial. The suit is for damages to the amount of \$10,000 for the death of Hansborough, alleged to have occurred in an accident in which he was struck by an engine of the defendant company as he was driving a wagon across the track near the Belle Pre glass factory, just north of this city, about a year ago. The case was first tried in the Corporation Court for the city and was later taken to the Court of Appeals, which reversed the decision of the Corporation Court for the plaintiff. Messrs. Norton & Boothe represent Mrs. Hansborough, and Mr. C. C. Carlin, local counsel for the Southern Railway, appeared for the defendant company. The case was in progress when this report closed.

Case Dismissed.

The case of William Chikalos, arrested several days ago on suspicion of stealing \$300 from Mantis Bros., fruit dealers, came up in the Police Court this morning. Chikalos was represented by Mr. L. P. Harlow, and Mr. L. H. Machen appeared for Mantis Bros. Justice Caton, after listening to all the plaintiff averred, summed up the case in which he ruled that the evidence against the suspected man was insufficient to send him to the grand jury and dismissed Chikalos. Should any additional facts be discovered tending toward substantiating the charge against the defendant he can be rearrested.

Public School Notes.

The principals of the different public schools are now engaged in examining and assigning scholars to the respective grades, as well as designating the books they are to use.

Miss Kate Smith, one of the teachers in Washington School, has resigned, and the Board will elect her successor. Mr. Frank Penn, who has for a number of years been janitor of Lee School, has informed Mr. K. Kemper, Superintendent of Public Schools, that he will tender his resignation October 1st.

Rehabilitates.

Perseverance Tent, No. 1095, I. O. E., held their regular meeting last night. There was a large turnout of members and some visitors from Washington were present. After the initiation of one young man the good of the order was taken up when speeches were made by several members in regard to pushing the temperance cause. The secretary was instructed by the lodge to send a telegram of greeting to Delegate J. B. Hughes, who is now attending the Grand Lodge of Rechabites at Zanesville, Ohio.

Will Present Claims.

The meeting in Schuler's Hall last Sunday afternoon was attended by about 25 persons who were employed by the federal government during the four years of civil war in the commissary and quartermaster's departments in Alexandria. The object is to present a claim to the government. The originators of the movement claim that others employed in such capacities during the war have been awarded different sums on the ground that while they were not soldiers they were likely to be sent to any point.

Alexandria-Built Wagon.

Mr. E. L. Myers has completed and delivered to the Alexandria Fertilizer and Chemical Company a large and substantially-built wagon. It has been neatly constructed, painted and varnished, and will bear comparison with any vehicle of like pattern made anywhere.

A Narrow Escape.

The driver of one of the carts belonging to the Alexandria Fertilizer and Chemical Company attempted to run his vehicle across the railroad track at Princess and Union streets yesterday when a moving train collided with the cart and forced it against some cars on the other track. It was shoved some distance before the train was stopped. Strange to say, neither the cart nor horse was injured.
